

An aerial, top-down view of a road system. The road is divided into lanes, including a dedicated bicycle lane on the left marked with a bicycle symbol. A large truck is positioned in the left lane, and a smaller car is in the right lane. The entire scene is rendered in a monochromatic orange color scheme. A white rectangular box is superimposed in the center, containing the text 'A4 Streets' and a graphic of five horizontal bars.

A4 Streets

Road model system in A4 format

Catalogue 11-12 2023

About us

New manufacturer brand A4Airport

A4Streets is a road model system for collectors of model cars, buses, trucks and other vehicles. The kits are available in popular scales like 1:87 and 1:43 as well as others. We have used A4Airport's proven technology to produce high quality boards and added some dedicated features.

First set now available!

2 product series and 10 unique kits available. Motorway Series allows you to create a motorway perfect for playing with fast cars or trucks. City Series features 5 road sets and 1 intersection that can be combined to create a city grid. Ideal for playing with model buses.

Dedicated A4Streets website coming soon! Models available to order via a4airport.com and at selected retailers worldwide.
